State/Territory: Arkansas

Citation	Condition or Requirement
1906 of the Act	State Method on Cost Effectiveness of Employer-Based Group Health Plans

When the State discovers that an eligible recipient is responsible for payment of a group health insurance premium, the State reviews both historical incidence of Medicaid payable claims and, if available, the recipient's likelihood of ongoing, coverable medical expenses and compares these to the cost of the premium required to continue the health insurance coverage. This review is conducted by staff of the Division of Medical Services, Utilization Review Unit and the Medical Assistance Unit, with assistance from professional medical consultants, as necessary.
